Warren Mott High School Annual Education Report (AER) Cover Letter

August 15, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the Warren Mott High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact John Dignan, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site <u>http://www.wcskids.net/curriculum/annual report/aer</u> or you may review a copy in the main office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has been identified as a "FOCUS" school this year.

This past spring, our 2014 11th graders demonstrated proficiency scores as follows respective to the Michigan Merit Examination: Mathematics—18%, Reading—52%, Writing—49%, Science—15%, and Social Studies—34%. These aforementioned scores represent all students including those with special needs and English language challenges. Given these proficiency rates, the Warren Mott High School administration, school improvement teams, and faculty are instituting several initiatives designed to improve overall student achievement.

First, we are continuing to implement a close and critical reading focus in all core and elective courses throughout the school year. This three-year initiative has

International District Accreditation

already demonstrated growth in overall achievement. Second, we are adding supplemental after school tutorial support that targets the four core academic areas of English, mathematics, science, and social studies. This is available to all students. Third, we are adding an on-going online credit recovery program to allow students who experience academic failure opportunities to re-take and experience needed core college readiness coursework required for graduation. When students see a navigable path toward a long-term goal they are more motivated to succeed.

Next, we are providing direct interventions to students who have not demonstrated college readiness proficiency in core English, mathematics, and science courses with highly qualified instructors. Additionally we are locking all core subject instruction into year-long experiences for all students. No longer will Warren Mott students be required to move teachers at semester's end, re-learn classroom expectations and teaching styles while moving forward along the curricular path. We use our school improvement plan as our vehicle to implement our school improvement strategies which focus on strengthening teacher knowledge of research based intervention strategies in reading, writing, and mathematics as well as knowledge of the Common Core Curriculum and Smarter Balance Assessments, and service to special sub group populations. Additionally, WMHS administrative, instructional, and support staff focus on building authentic relationships with our existing and incoming families with academic excellence in mind.

Finally, we are working to supplement our comprehensive high school experience with mentoring and positive support groups for all students. These mentoring programs facilitate proactive engagement in the learning process. With these aforementioned initiatives, the faculty of Warren Mott shall endeavor to put student achievement as a primary focus in all things we do.

State law requires that we also report the following additional information for the two most recent years:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL:

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

- 2. Presently, Warren Mott High School is entering the third year of our five year school improvement plan. The process is dynamic and self-reflective.
- 3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Community Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded educational choice options for parents. Year-round education is offered at Fillmore, Siersma, and Holden Elementary Schools. 4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at <u>www.wcskids.net</u>.

2010	17.4	18.5	18.4	18.3	18.3

6. Parent Participation at Fall and Spring Conferences

YEAR	FALL	SPRING
2012-2013	45%	33%
2013-2014	35%	27%
CHANGE	-10%	-6%

7. Additional high school information:

a. Dual Enrollment Students: 6 (1%)

b. Advanced Placement Courses offered: 10

Advanced Placement/International Baccalaureate – Advanced placement (AP) classes provide high school students with college-level classes. Students enrolled in AP courses earn college credit by taking the AP test in early May. Students enrolled in advanced placement classes who earn an overall grade of at least a C- earn an Honor point that is averaged into their GPA. Warren Consolidated Schools offers ten AP classes; these include:

- AP American History
- AP Art
- AP Language and Composition
- AP Literature and Composition
- AP Psychology
- AP U.S. Government and Politics

- AP Biology
- AP Chemistry
- AP Physics
- AP Calculus

c. The number and percentage of students enrolled in college equivalent courses (Advanced Placement): 330 students /18%d. Dual Enrollment, 18 students/1%.

Access to the district's core curriculum can be found on the district's curriculum website for all core subjects. Additionally, requested hard copies of the full curriculum can be obtained in the Curriculum Department upon request for those families without internet access. Many parents now access student progress through the PowerSchool Parent Portal. This online system informs parents, in real time, of a student's current grade.

Warren Mott High School staff and administration are committed to a continuous improvement process that will improve student scores and increase the number of students testing proficient on student achievement standardized tests. Working together parents, teachers, and administrators can provide a quality educational experience ensuring a bright future for the students of the Warren Mott community.

We promise to continue to work diligently with parents and faculty in an atmosphere that promotes a learning community characterized by student centered instruction and decisions, academic excellence, trust, respect, community involvement, excellent communications, and recognition of both student and staff achievement. We're committed to working in collaboration with all stakeholders to continue to develop and implement this shared vision. Warren Mott is a highly diverse community; we consider this our strength. We are committed to building solid, meaningful relationships with every child, his/her parents, and the broader community in our services to children. Thus our motto: "A Community Here for Each Other." Our belief is that our diversity prepares our students to thrive in a global setting exposing them to people from all over the world. At Warren Mott we expect, insist upon, and support academic excellence; we believe in investing in the power of our students as their success is our legacy.

Warren Mott High School looks forward to the start of the new year with excitement and anticipation. Warren Consolidated Schools has the finest kids, parents, and staff, and has so much to be proud of as a staff, family, and community.

Help us to continue to make Warren Mott High School America's premier address in education.

Sincerely,

John Dignan Principal, Warren Mott High School
